Improvements in Business Area

Canyon Business Firms Are Making Many Improvements For Benefit of the Town

Many business improvements are underway in the business section of Canyon, which are doing much to improve the appearance of the town.

The new Bellah building is progressing rapidly. While the building may be completed soon, arrival of new fixtures may delay moving into the new building. Alfred Bellah plans to make extensive improvements on the present location of the Bellah Food Store after he moves to the new location.

Construction work was started on the new building for Cooper's M System this week. The foundation was run two weeks ago. Clay Cooper states that materials are now available to enclose the building and by that time he hopes to have material to finish up the construction. The building formerly occupied by the Traders Recreation Club is being taken into the new building. The warehouse at the rear of the lots and the building now occupied by the Canyon Tailor Shop will be utilized by the store.

The store now occupied by the Cooper M System has been leased for a White Auto Store, to be open this summer.

Owen Williams has bought the building now occupied by the Monarch Tailor Shop and will improve the building before moving to his new location. He is assembling materials for this construction, which will include a storage vault.

E. C. Hightower, owner of the Monarch Tailor Shop, contemplates building a new building.

Wirt Electric Shop is making extensive improvements on the building which Lorenzo Wirt bought recently, just north of the Walker Drug Store. An office is under construction, and new machinery is being received for the electrical work shop. The front of the building is being painted.

The front of the Walker Drug Store is also being painted. Materials are being assembled to do extensive improvements on the inside of the building. The ceiling will be lowered and the entire building remodeled. Mr. Walker states that work will not start until it is assured that there will be no delay in its completion.

It will take another 30 days or more to complete the extensive improvements which are being made on the Thompson Hardware building. Stock is being moved to the new addition as rapidly as sections of the building are completed. This move and rearrangement of stock will take a considerable amount of time. The Buffalo BeautyShop, located in the south section of the building, is being completely remodeled. The Beauty Shop has been closed during the remodeling.

The postoffice building is receiving a fresh coat of paint. This work is under the direction of the Postal Department.

Extensive improvements are being made on the Hart Appliance building. Included in these improvements is the addition of a balcony where a new furniture department has been added. Silas Hart, owner of the business, states that a full line of furniture is being added to the store.

Myers Farm Equipment Co. is assembling materials to start on the construction of the new show room.

Glass for the new building of the Oliver Farm Implement Co. has been received, and it is hoped that work on the new building may be completed in a couple of weeks.

Bill Griffin states that the addition to his service station has been held up by the lack of windows. As soon as these are received the building will be completed.

Improvements on the Farmers Elevator have been progressing nicely. The remodeled plant will add greatly to the convenience of the farmers at harvest time.

Glenn Hartsell is completing a new service station on Highway 87, just south of the Baggett home.

Blake Timmons Will Run For House

Blake Timmons of Amarillo was here Sunday and said that he would be a candidate for State Representative from the 123rd District. His name was presented by Carson county voters several weeks ago. Timmons is in the insurance business, but was formerly a newspaper reporter. He worked in Austin and is well acquainted with the details of the state government.

So far Representative Jack Little has not announced his plans.

Dean Nicholas, who is employed by the Santa Fe R. R. at Gage, Oklahoma, visited with his parents, Mr. and Mrs. D. A. Nicholas Saturday and Sunday.

Rev. J. H. Wright, Jr., from Henrietta, Texas spent a few days in the parental J. .H Wright, Sr., home last week.

Edward Gerald on Faculty of Minnesota Uni.

Edward Gerald, son of Mr. and Mrs. Ed Gerald of Canyon, will leave the School of Journalism in the University of Missouri to accept a position in the School of Journalism in the University of Minnesota on Sept. 15.

Edward is a product of the schools of Canyon. He graduated from the Canyon public schools, and from West Texas State. During his high school days he was a reporter on the Canyon News. He became editor of The Prairie while in West Texas State, and was active in all student affairs of the college.

Mr. Gerald received his degree in Journalism from the University of Missouri and returned to the Panhandle, spending a year as editor of The Canyon News. He then returned to the University of Missouri as instructor in the School of Journalism.

For 17 years Mr. Gerald has been on the staff of the University, taking off the past two years to work on his Ph. D. Degree in the University of Minnesota. He returned to Missouri last fall, but will finish his Doctor's degree by Sept. 1. He will return to Minnesota as a full professor and at a very fine increase in salary.

Members of the News staff, and friends of Dr. and Mrs. Gerald in Canyon are delighted at the rapid promotion of this splendid journalist.

Mrs. Gerald was the former Opal Dutton, daughter of Mr. and Mrs. Earl Dutton, also a graduate of West Texas State. Mrs. Gerald and their two children will remain in Columbia, Mo., until an adequate house is found by Mr. Gerald in Minneapolis.

Variety Show to Put on Acts for Local Citizens

The West Texas State Variety Show will be put on for the benefit of the people of Canyon on Wednesday night, May 5, at the college auditorium starting at 8 o'clock. The show is free and all citizens who have not seen the show are urged to attend.

Directed by Glenn Truax, this will be the 82nd performance over the past three years. This year's Variety Show is the best that the college has produced.

Mr. Truax states that the Show has not been able to fill all of the requests made this year. Dates for the Canyon public school and the demonstration school had to be cancelled. Many Canyon people have not been able to see the show, and this performance is put on for their special benefit.

The Show will be put on in Amarillo on May 17 before 500 business men. The Show has performed before all of the civic clubs of Amarillo.

Roland Black is Veteran Commander

Roland Black was elected Commander of the Veterans of Foreign Wars at a meeting of the Post Thursday night.

He was a member of Company F that left Canyon in January, 1941. He saw action in Italy and France, and was discharged as a Captain in the Infantry.

W. D. Scott, a Former County Judge on Visit

Judge W. D. Scott of Frederick, Okla., was here Thursday visiting friends. He was county judge of Randall county back in 1910. After leaving here he moved to Arkansas, but has made his home in Oklahoma for several years. He has been county judge most of his time in Frederick.

A son of Judge Scott has moved to Amarillo and he expects to visit here often in the future.

V. F. W. AUXILIARY TO MEET

There will be a called meeting of the Veterans of Foreign War Auxiliary, Friday, May 10, in the Methodist Fellowship Hall.

All mothers, wives, sisters and foster-sisters of veterans who have served overseas in World War I and II are eligible for membership.

The regular meeting will be held the first and third Wednesday of each month at 8:00 p. m. in the Legion Hall.

On Sunday those bringing dinner and spending the day with relatives in the M. E. Cleavinger home were: Norman Cleavinger and family of Spring Lake, W. E. Miller and family, E. R. Cleavinger and family of Canyon.

Mrs. I. M. Steen visited her daughter, Mrs. E. E. Johnson and children in Tucumcari, New Mexico from Friday through Sunday.

At the District meeting of the Parent-Teachers held at Dalhart on April 26, the president of the local unit, Mrs. W. W. Nicklaus, won the First Place Blue Ribbon on her report of the Canyon P. T. A. work for the year 1945-46. The above picture shows the officers and chairmen of this group.

Eight members from Canyon attended this meeting. They were: Mrs. W. W. Nicklaus, Mr. and Mrs. J. B. Speer, Mrs. Ed Harrell, Mrs. W. R. Crow, Mrs. Worth Jennings, Mrs. Hud Prichard and Mrs. Burney Slack.

Mrs. Ed Harrell was elected one of the seven vice-presidents of this district. The Canyon P. T. A. is very proud of this honor to be bestowed upon one of its members.

The Canyon P. T. A. has had a very successful year of work which was proved by its winning the First Place Blue Ribbon.

The only money making project that was held during the year was the traditional Hallowe'en Carnival that netted $826.00—more than it had ever netted in the history of the organization. Out of the $826 the P. T. A. gave $350.00 as a gift to the elementary building and $350.00 to the High School. This money was used to benefit each school to the best advantage. Also a $100 war bond was bought.

The P. T. A. has had the largest membership that it has ever had in its history—from the 225 families represented in both buildings the P. T. A. has 223 paid members. At two meetings during the year there have been more than 100 members present. The average attendance at its meetings has been 70 members.

The organization has had excellent cooperation of both parents and teachers which has helped make its work very beneficial to the school.

Umbarger Station Robbed Wednes.

The Phillips Service Station at Umbarger was broken into Wednesday night of last week. The station belongs to Ernie Hollenstein.

Sheriff M. E. Cantrell has been working on the case this week, but no arrests have been made.

Gerald Lee is the son of Lucius Penick and received the memorial certificate for his father, who was killed in the Pacific.

Mr. and Mrs. Guy B. Tabor spent the week end in Clyde, Tex., visiting in the home of his mother, Mrs. C. V. Tabor. Mr. Tabor leaves Friday for Biloxi, Mississippi, where he is assigned for permanent duty as instructor in the Air Field. Mrs. Tabor will join him soon.

Miss Shirley Harrell, daughter of Mr. and Mrs. Newton Harrell has been elected president of Pi Delta Phi Sorority at the University of Arizona for next year. She will be a senior at the University next year.

Discharged

Carl Phillips Monzingo, Jr., S 1-c, was discharged from the Navy, April 23, after having served for 2½ years. He did overseas service in the Asiatic Pacific Area.

Pvt. Sanford W. Ruthart received his discharge on April 24 after having served in the Field Artillery for approximately 3 years. He spent 1 year and 4 months in Europe.

Sgt. Lawrence O. Donnell received his discharge April 29, at Ft. Bliss. He had served with Army Air Forces Base Units for more than 2 years.

Pfc. Harold Beckman received his discharge May 5, after serving 8 months of his 22 months in the service in the European African Theater.

T-4 H. R. Fulton, Jr., received his discharge on April 30. He had served 29½ months in the army, spending 14 months in Europe with the 42 Division. He attended the American University at Biarrits, France for 12 weeks. He plans to resume his studies in W. T. in the fall.

Light Shower in Canyon; Heavier to South of Town

A very light shower fell in Canyon Monday evening. It measured only .03 of an inch.

D. S. Hill reported that about three-fourths of an inch of rain fell at his farm south of Canyon. It fell in such torrents that most of it ran off. This rain covered only a small territory.

Cool weather has prevailed during the past week, and the wheat is not suffering as it did during the hot weather of March and April. However, the chances for a crop are not improving.

Weather observers over a long period of time state that it seldom fails to rain about May 10. They are hoping that this prediction will hold true in 1946.

Revival Services Continue at the Methodist Church

Splendid crowds have been hearing Rev. Orbin Turner in the revival now in progress at the Methodist Church. His messages are very helpful and inspiring.

Thursday night has been designated as Family Night in keeping with the spirit of National Family Week, May 5 to May 12. It is hoped that entire families will attend the services Thursday night. The climax of this observance will be Sunday morning, Mother's Day, when it is hoped that as far as possible families will attend the services as a unit and sit together. The revival will continue until Sunday night.

Buffs to Stage Intersquad Play

Spring football practice will be highlighted by an intersquad game on Thursday, May 16 at Buffalo Stadium, beginning at 8 o'clock.

This game will give fans an opportunity to see next year's prospects in action. Intersquad games usually have the fire and push of a regular game. It is from work out like these that starting lineups are likely to be chosen.

On Wednesday evening, May 15, at 8:00 o'clock there will be an intersquad basketball game.

At this time fans will be given the last opportunity to see their favorites in action. Chat and Deacon Johnson will be seen playing for the first time since their discharge. Admission to each game will be 50c.

Glenda Metcalf Died at Vernon

Glenda Metcalf, daughter of Mr. and Mrs. Ray Metcalf, died in a hospital at Vernon Tuesday night. Glenda would have been 5 years old in August. She had been ill for only a short time.

The body will be returned to Canyon for buneral services and burial, but at this time (Wednesday) arrangements have not been made.

C. L. Drummond Declared Dead By War Dept.

T-Sgt. Carl L. Drummond, son of Mrs. Cora L. Drummond, who was reported missing in action December 21, 1944, has been reported by the War Department as presumedly dead.

Sgt. Drummon left Canyon with the National Guard but transferred into the air corps while the Guards were stationed at Brownwood, Texas.

A letter to Mrs. Drummond from Edward F. Witsell, Major General, The Adjutant General of the Army says in part:

"All available records and reports concerning the absence of your son have been carefully investigated and are deemed to warrent a subsequent review of his case. Information in hands of the War Department indicates that your son was a crew member on a B-29 bomber which left its base at Pengshan, China, on a combat mission to Mukden, Manchuria. When approximately five or ten miles southwest of Mukden, the fighter was rammed by an enemy fighter plane at an attitude of about 20,000 feet and went into a spin and crashed. One crew member bailed out and was taken prisoner and eventually liberated, but could not give any information regarding the rest of the crew, as he lost consciousness almost immediately after leaving the ship. Investigation has failed to reveal any additional information concerning the fate of the missing bomber and its crew.

"Since no information has been received which would support a presumption of his continued survival, the War Department must now terminate your son's absence by a presumptive finding of death. Accordingly an official finding of death has been recorded. The finding does not establish an actual or probable date of death; however, as required by law, it includes a presumptive date of death for the purpose of termination of pay and allowance settlement of accounts and payment of death gratuities. In the case of your son this date has been set as 22 April 1946.

"I regret the necessity for this message but trust that the ending of a long period of uncertainty may give at least some small measure of consolation. An appraisal of the sacrifice made by your son in the service of his country compels in us feelings of humility and respect. May Providence grant a measure of relief from the anguish and anxiety you have experienced during these many months."

Sgt. Drummond is survived by his mother, 2 brothers and a sister. His sister and one brother live in Amarillo with his mother. His youngest brother is in the Navy.

Red Cross Lacks $300 to Finish the 1946 Drive

Wanted: $300 for the Red Cross.

The 1946 drive lacks this amount of filling the quota, according to County Chairman T. V. Reeves.

The drive is being kept open with the hope that the balance of the fund may be raised before the drive is officially ended. Those who have not made their 1946 contributions are urged to do so at once.

Parks Board Denies Report

Secretary in Austin Says Board Has Control of 120 Acres in the Palo Duro

The Texas State Parks Board denies that it has received any notice regarding the foreclosure on the Palo Duro State Park.

No Randall County officer has received notice of the proposed foreclosure. During the past few months the State Parks Board has called for certified copies of all official documents regarding the Palo Duro Park from the office of A. B. Holt, District and County Clerk. It is presumed that state officials are getting ready to resist any attempt to take over the property.

No local official has been approached by the lienholders, who have been in Amarillo for the past 10 days regarding the proposed foreclosure.

The following press report was released from Austin Thursday:

The so-called "Grand Canyon of Texas" was in the news spotlight in Austin Thursday.

An Amarillo newspaper — the Times — reported that Palo Duro Park is to go on the auction block June 4 to satisfy requirements of a long-standing mortgage.

In Austin, the secretary of the State Parks board—N. H. Lee—said that the board has not yet received notice concerning the foreclosure on deeds to land at the park.

The parks board claims that even if the sale is held, the state will still own the heart of the park—some 120 acres and road right-of-ways winding through the canyon itself.

Lee indiginantly denied a charge of Amarillo sources that the park is treated like a step-child so tourists will visit other spots in the state.

However, he admitted that vendor's lien notes are held on all but that small portion of the park owned outright by the state.

America's Naval Power Discussed at Rotary Luncheon

Arthur G. Haley, Jr. had the Rotary Club program Tuesday, discussing the navy as he observed it during World War II. He was a Signal Officer on a carrier and pilot in the Navy Air Corps.

When the war ended America had a greater navy than all the nations of the world combined. This was brought about by the necessity of a big fleet to cope with the war in the Pacific.

The Atlantic fleet was used in combating the submarines and handling supplies. The Pacific fleet carried the brunt of the war against the Japs.

The old line battleship admirals are hampering the development of air power in the navy. Because of the inefficiency and caste system air power has had a struggle to get to the front. The aircraft carrier was largely developed during the war. The two largest ships in the world are carriers.

Every navy man who realizes the importance of air power pays tribute to air admirals, who are leading in the fight for greater air power. During the war with Japan there were only two surface engagements between the two navies. Air power did the rest of the job.

The speaker described the intricate system of planes taking off and landing on carriers, which requires the highest skill on the part of pilots.

Dr. A. M. Meyer, president-elect of the club reported on the District Convention held in Amarillo last week.

Dr. L. F. Sheffy extended an invitation to all citizens of Canyon to attend the 25th meeting of the Panhandle-Plains Historical Society Friday. The afternoon session is open to all visitors.

Visitors were: Clarence Hugh and Ira Foster of Hereford; Forrest Barnes, J. E. Bowman, Arch B. Hunsley of Amarillo; Lt. Chas. J. Brown of Houston.

Ray McDonald was introduced as the Junior Rotarian for the month.

Work Started on Widening Hiway North of Canyon

Work has been started on the construction of widening the highway between Canyon and Amarillo.

A large crew of men started work a mile south of Hollywood, and is working north toward Amarillo.

Those who have observed the crew at work marvel at the speed with which the road building machinery puts down pavement.

ATTEND INSTRUCTION SCHOOL

Monday the School of Instruction for the Order of the Eastern Star in District 2, Section 3 was held at Plainview.

Phillips, Miss Bertie Mae Williams, Mrs. Dewey Foster, Mrs. Carl Hall, Mrs. Burney Slack, Mrs. Boyd Moore, Mrs. Lorenzo Wirt, Mrs. Frank Hicks and Mrs. Wm. Brune.

Help Keep Canyon Clean!

Editorials

The worst prison riot in the history of America took place at Alcatraz on the week end. Why? Largely because of the soft-hearted attitude of each and every American—you and I alike! But why lay the blame at our own doors? Simply because we are sending criminals to prison for life instead of condemning them to death at the time of their trial. Of course every law breaker has the right to a fair and impartial trial. But our criminal laws are so lenient toward the criminals, and our courts have leaned so far back in their efforts to protect the criminals that we have become soft hearted. Juries refuse to do their duty, when they see the courts and the lawyers winking at law infractions. Three or four worthless rats on The Rock caused the death or serious wounding of a dozen guards, and did property damage estimated at several thousands of dollars. Everyone who had a part in the imprisonment of these fats for life knew that they should be executed for the good of society. Yet they were allowed to live, and bring more grief to society. Until we, the people, change our attitude toward these criminals, we may expect to see reoccurences of these disgraceful prison riots.

We still wonder about the fate of the Palo Duro State Park. Lien holders say that they will foreclose on June 4. The Texas State Parks Board says that it owns the 120 acres at the entrance and the land on which the buildings are located. Lien holders say that the deeded land reverts to them when the state quits running the park. But has the state quite the park? Is it willing to pull out and give up the land? Has it defaulted in its payments under the original contract? Just how long will it take to pay off this big debt? And what is the land actually worth? Some interesting questions which the courts may have to decide. Meanwhile, it looks as if the question is so muddled that no organization could safely stick out its neck in taking over the land when the future is so uncertain.

News from the race for Governor: Adds up to practically zero. Bob Calvert became peeved because the people did not break their necks in rushing to his aid; Pappy decided to stay in Washington and not come to Texas to declare his intentions; Coke still calculates; Jester is the first brave candidate to open his campaign and start shelling the the woods. March is on the march, and is covering the state, county by county; the Rainey storm is still brewing; there is a book out (Mc) praising Jerry Sadler. It looks like a grand game of stalling. After all, political races are won during the last two weeks of the campaign. So why should the candidates wear themselves out by early campaigning?

The government is about to tackle the problem of black market. How? Through the channels of income tax evasion. You will recall that Al Capone committed most every crime in the catalog. Smart lawyers kept him out of the pen. But Uncle Sam finally put him behind the bars because of income tax evasion. This seems to be the surest way that the government has to trap those engaged in black market operations. Maybe it is so simple that the government can get the evidence quicker through this method. Maybe it is not as silly as it looks.

When one man can shut down the commerce of a nation, something is radically wrong. John L. Lewis is doing just that thing. The nation cannot run without coal, and Lewis realizes this. The strike of his miners is tying up the entire industrial machine of the nation. There should certainly be some better way to settle management-labor disputes than the long, costly strikes which have pestered the nation.

The weatherman has just about forgotten the wheat belt this year. Maybe he thinks that he has been generous enough in sending a sufficient amount of rain for good crops during the war. But starving people of Europe need wheat this year. They needed it during the war but could not get it. They can now get it if we can produce it.

We are still wondering how much inflation we shall have if OPA is killed. Various organizations are putting the squeeze on Senators to vote to continue OPA. Dire predictions are being made as to how much prices will increase if OPA is killed. All of us realize that the government cannot continue forever to support fancy control agencies which are costing millions of dollars. While Senators are being bombarded for a continuation of the agency, some Senators are not convinced that such bad results would follow the dismemberment of OPA. It is a curious quirk that so long as the heat is on this agency, every other agency in Washington is pulling for this unpopular bureau. If the Senate should decide to go along with the House in cutting the powers of OPA, every other agency knows that it will be only a matter of time before the axe will fall on its neck.

Senator O'Daniel is still mum on his plans to return to Texas to run for Governor. At the last minute he cancelled his speaking engagement at Galveston. He stated that he must stay in Washington in order to vote against the loan to Britain. In view of the fact that this bill will not come up before the end of next week, if then, it looks as if the Senator was weakening in his desire to again become Governor. So far as the loan to Britain is concerned, we are as much opposed to the idea as the Senator, but we cannot see how we can escape this gift. We admit that it will be a gift in order to hold the British Empire together. For future safety to America, "there must always be an England."

We note by the daily press that voters have turned down bond issues and tax increases in a number of communities. There is always the urge to vote bonds for public improvements in flush times. The citizens of Canyon rejected the increase in school taxes last year. But we will soon be confronted by a bond issue that must not fail. This is the bond issue which will improve the water system. Voters are pretty well convinced now that they will be penalized to the extent, or maybe more than the cost of this improvement, should they fail to support this bond issue. If you hear anyone questioning the necessity of this bond issue, please, please explain what it will do to the property owners of Canyon should we fail to pass the bond issue.

The crime wave has hit Texas. There has been an increase of 45% in crime since the first of the year. Juvenile delinquency is charged with the major part of this crime wave. Officers of Randall county state that while we have had no major crime in Randall county, there has been a decided increase of petty crime. A major offense may be committed in Canyon any day, according to the present trend thruout the nation. Crime follows in the wake of wars. The bigger the war, the more crimes. We have just passed through the worst war that the world has ever seen.

Eric Johnston, retiring president of the U. S. Chamber of Commerce, says that capitalism is changing in this nation. He urges that this change be accepted. There is no question about his statement. The day of excessive wealth is passing, and the day of more equal distribution of wealth is approaching. That is, we look for such a change, unless labor leaders become so arrogant in their demands that the public will become completely disgusted and react against these leaders.

A different kind of official is now running the railroads of the nation. A few years back the average railroad official had the attitude of "the public be damned." The truck and bus companies came along, and the railroads improved their own services, and put on competing bus and truck lines in order to give better service. The war brought the airplane into common use. Now the railroads are putting on planes of their own. The world does move! Some of the old time railroad men are probably turning over in their graves at this changed attitude toward the public.

CANYON TAILORING CO.

The limit for the national debt was set at 300 billion dollars before Germany and Japan folded up. Senator Harry Byrd now proposes that Congress shall set the limit at 275 billions, thus forcing Congress to balance the budget. We have been running on borrowed money since the depression hit the nation. Of course the limit would not keep Congress from spending more than the national income, if the law makers choose to raid the treasury. However, the limit could have a wholesome effect and stop some of the free-handed federal spending.

Larry Mills of Dallas has been running for office for the past steen years. This time he is a candidate for Lieutenant Governor. He says that we should stop running to Washington every time we have the toothache, and demand that Uncle Sam put up the money to ease our pains. We do not expect Mills to get far in his race. His ideas are too sensible. Anyone who does not want to raid the treasury is old fashioned.

Beauford Jester looks good in his campaign for Governor. But the opening gun does not mean much in any campaign. When the campaign gets hot, and the mud begins to fly, an unknown may step into the lead. Remember the unknown Pat Neff; the unknown Jim Ferguson; the unknown Pappy O'Daniel? No voter took them very seriously at the start of the campaign.

If John L. Lewis owned all of the coal in America and refused to sell it to the people, he would be lynched, and his coal taken away from him. Lewis does not own a bushel of coal, but he is depriving the entire nation of the benefits of the coal, which he refuses to be mined. Just where is the difference?

Selective Service may be allowed to die on May 15 simply because the administration thinks that the loan to Britain is more important than the passage of this measure. Wonder what will happen to army and navy enlistments then?

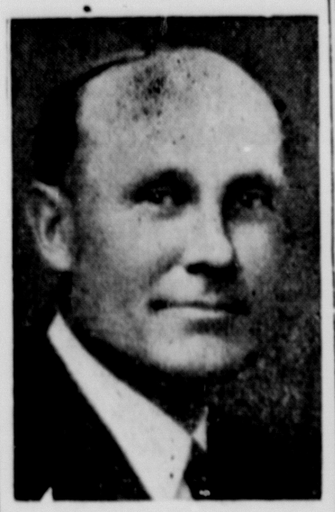
Dads, Too, May Visit West Texas Campus For Traditional Ceremony

Mothers of West Texas State students are receiving letters inviting them to a Mother's Day assembly program at 11 o'clock May 11. The letters are signed by Alpha Sigma Xi fraternity, sponsor of the event.

Alpha Sigma Xi has made a tradition of this program. Preceding the assembly, refreshments will be served in the Home Economics Department dining room on the third floor.

"We hope you will be with us on May 11 for our program," the letter says, "and that you will bring Dad along. We hope you will find time to tour our campus and meet our fellow students. If you cannot be with us, we still wish you a most joyous Mother's Day."

Bill Montgomery, president of the fraternity, will welcome the mothers and his own mother, Mrs. Claude Montgomery of Shamrock, will respond. The College Sextet will sing two numbers and Dorothy Rae Bivens of Tulia will give a reading. The main address will be by the Rev. R. C. Snodgrass, minister of the First Christian Church of Amarillo.



THE REV. R. C. SNODGRASS . . . minister of the First Christian Church of Amarillo, who will be principal speaker when West Texas State mothers are honored in a special program Saturday.

Special Baptist Broadcast May 12

Through the courtesy of "The Methodist Hour," a special Baptist broadcast will be presented from Miami, Florida, Sunday morning, May 12, and may be heard over KGNC at 7:30 a. m. The speaker will be Dr. J. W. Dawson of Waco. His subject will be "The Baptist Contributions to the Next Century."

The Southern Baptist Convention will meet in Miami for its annual session the week following May 12 and the broadcast will contain brief words of welcome by Dr. C. Roy Angell of Miami. The convention is expected to attract more than 5,000 messengers, representing more than 5,000,000 members.

The speaker, Dr. Dawson, has been pastor of the First Baptist Church of Waco for 31 years and is chairman of the Executive Committee of the Convention and is also chairman of the Committee on World Peace. His message will emphasize the beginning of a new century of Southern Baptist Convention life.

Historians To Meet For 25th Session

Panhandle residents are being invited to attend sessions of the 25th annual meeting of the Panhandle-Plains Historical Society here Friday, May 10.

Board members will meet at 2 p. m. at Cousins Hall. The general session of the Society will follow at 3:30 p. m. at the same location. A feature of the open meeting will be the reading of three papers entered in the Vandale Historical Essay contest.

Ernest Archambeau of Amarillo will read a paper on "Spanish Sheepmen on the Canadian at Old Tascosa — Jose Ynocencio." Miss Virginia Horton of Tucumcari, N. M. will read her paper on "Early Settlement of Quay County," and Carroll Doshier of Canyon will read a paper on "The Outside Man."

At 7:30 p. m., the annual banquet of the Society will be held at Cousins Hall. Dr. E. E. Dale of the University of Oklahoma, well known historian of the Southwest, will be the main speaker. His subject will be "Cultural and Social Life on the Frontier."

Reservations for this banquet may be made with W. L. Vaughan, Boone McClure, or Dr. L. F. Sheffy of Canyon. The charge will be $1.50 a plate. All friends and patrons of the Society are invited to be present. Reservations should be made at once, Dr. Sheffy urged.

Nine entrants are trying for the $250 in prizes which will be awarded winners in the Vandale Historical Essay contest when the annual meeting of the Panhandle-Plains Historical Society is held here Friday.

The contest bears the name of one of its originators and sponsors, Earl Vandale of Amarillo, land man for the Magnolia Petroleum Company. Mr. Vandale long has made a hobby of collecting southwestern history and he has a magnificent library. He is a director of the Historical Society and a member of its executive committee.

Contest papers submitted to Dr. L. F. Sheffy, secretary of the Society, include: Miss Virginia Morton, Tucumcari, N. M., "The Early Settlement of Quay County;" Mrs. Rowena Bridges of El Paso, "Social Life in the Early Days of the Plains;" Ernest R. Archambeau of Amarillo, "Spanish Sheep Men on the Canadian at Old Tascosa;" John Anderson of Choctaw, Okla., "The Battle of the Palo Duro;" H. H. Finnell of Amarillo, "They Came to Stay;" J. S. Juyer of Brownwood, "Pioneer Life in West Texas;" Mrs. Thelma Duke Jennings, Canyon, "This Is My Own: Life in the Llano Community;" Carroll Doshier, Canyon, "The Outside Man;" Miss Georgia Holt, Canyon, "Carrying the Mail by Mail Hack on the Plains."

Baptist Church Buys Third Ave. Property

By action of the First Baptist Church Sunday, the old Wiley property, consisting of three lots and residence, in the 1700 block on Third Avenue, was purchased and transfer of title is being completed this week. This gives the church six lots on Third Avenue, immediately North of the six lots on Fourth where the building now stands. Tentative plans call for the erection eventually of residences on the Third Avenue property—a pastor's home, a home for an assistant, and an apartment for a care-taker. The residence now on the property will be moved this fall or winter to make way for the new improvements.

Recommendation was made by Dr. Lee L. Johnson, chairman of the Board of Deacons, which was unanimously accepted. According to reports of Pastor Roy L. Johnson, the church is trying to improve its property that it might increase its spiritual service to the people of Baptist preference in Randall county, and it already has regular attendants from almost every part of the county.

Swimmers of W. T. Will Put On Exhibition

Interest in the water pageant scheduled for May 18 and May 20 continues to mount as plans for the show develop. Mrs. Oma Ford is directing the show.

First presentation of the pageant will be a Saturday afternoon performance for the high school seniors of the Panhandle. Students from Hereford, Tulia, Dimmitt, Happy, Canyon High, and West Texas High have been invited to attend. Following the pageant, the seniors will be guests of the physical education department for an open plunge in the outdoor swimming pool.

The pageant will be presented to the general public and to West Texas State students on Monday evening, May 20, at 8 o'clock.

The show begins with a group of boys diving into the old swimming hole. In this introduction, they do such things as the alligator tag, flips, corkscrew, monkey rolls, log rolls, the shirt and pants race, and the sausage dive. The boys will also make formations and demonstrate various strokes.

One of the highlights of the program will be diving exhibitions by Brack Garrison, Hank Decker, Kenneth Vaughan and Kenneth Glasgow.

A stunt to bring back memories of the old swimming hole will be given by five boys and five girls as they depict a scene from childhood and slip off for a swim.

Synchronized swimming by a selected group of girls will include water ballet, tandem swimming, the back stitch, dolphins, and surface diving combined with spiral swimming. Girls in these formations are Fayrene Bolton, Billie DeHart, Velta Speer, LaWanda Moore, Jean Truax, Mary Cherry, Jean Maase, Marilyn Johnigan, and Helen Woods.

Two husbands were discussing their wives. "I wish I could find a way to stop my wife from spending so much on gloves," said one.

"I've got an idea," replied the other, "ever try buying her a diamond ring?"

Japan Now Land Of Food Hunters

Unhappy Japs Are Plodding Roads in Desperate Quest for Edibles.

TOKYO. — The sins of Japan's war lords are falling most heavily on the backs of the Japanese housewives as hunger makes itself felt in this battered land, says the Associated Press.

These unhappy women are to be seen everywhere, in the mornings with empty packs in their hands, and in the evenings—if their quests have succeeded — plodding homeward under loads of vegetables or any other food they have found.

The breakdown of Japan's supply system has driven the housewife farther and farther into the country in search of food for her family.

Japan considered itself efficient but never provided for rationing or sale through regular channels of dairy products, eggs, sugar or fruit.

Supplies are Meager.

Fish, meat, vegetables and other staples are rationed, but supplies are so meager that housewives have the choice of buying on the black market to augment their thin stocks or of going directly to the farmer, who charges near-black market prices.

Very early in the morning the housewife sets out. A package of American cigarettes or a chocolate bar acquired on the black market, clothing or a bar of precious soap are taken along, if available, to barter with the farmer.

One Japanese interpreter relayed to me this plaint of a woman at one railroad station:

Early in the morning she left her home—a rusty shack of corrugated iron left over from the bombings. A small daughter was left to tend the baby. A little food was left for their lunches, but there was nothing for dinner unless she found something.

Answer Is Always No.

She boarded a train so crowded that she and others had to stand on the couplings between cars. She got off in the country and began walking.

At each farmhouse, she asked the same question: "Have you any food you can sell me?" At each the answer was always no.

By 5 p. m. she had been able to buy nothing so she began picking up bits of discarded rotten or undergrown potatoes and stems from the roadside. A farmer passed by and agreed to sell her some potatoes—at a high price.

It was night when she got back to Tokyo, and she said it would be 10 p. m. before she got home and 11 before the potatoes would be ready to eat. She clung to the sack lest someone steal it.

No American who has witnessed the occupation will soon forget this sight of frail women bowed under sacks of vegetables or carrying empty packs and struggling to get into a train. These are people who are paying daily for their rulers' misguided ambitions.

U. S. Gives Up Property Held in United Kingdom

LONDON. — The United States army has reduced property holdings in the United Kingdom by 90 per cent and 405,397 troops have been redeployed to the United States since V-E Day, Brig. Gen. Claude M. Thiele, new commander of the United Kingdom base, said recently.

Thiele, who succeeded Brig. Gen. F. S. Strong Jr. on December 1, said the policy set by General Eisenhower of closing down installations, disposing of surplus property and sending home troops as rapidly as possible would be vigorously pursued.

American troops in the United Kingdom, he said, now number 50,475, a drop of 26,386 from November 1. In the last month the army has turned over to the British 19 depots and camps, 14 air fields, 3 hospital sites and 24 London properties.

New Camera Has Light Source Built Into It

WASHINGTON, D. C. — The army has a camera with which it says the rankest amateur can make flawless still pictures, in color or black and white, of fast action at distances between 6 inches and 12 feet.

The secret of the camera is a built-in light source, a quartz vapor tube giving a flash of approximately 1-25000th of a second with a brilliancy greater than sunlight.

The camera was developed by the army's pictorial service, for army surgeons, from an idea by Capt. Rollin W. King and Emanuel Berlant, a civilian expert. The light tube was designed and built by the General Electric company.

Officers Don't Beat G.I.s, Japs Interested to Note

KYOTO, JAPAN — The Chugaku news reports that American troops in the Kure-Hiroshima area are very cheerful. Members of the 41st infantry division "sing songs, dance and play games in barracks," it said.

A Japanese reporter approached some of the soldiers and asked: "Have you ever been kicked or beaten by your superior officers?"

The G.I.s replied: "No; not even once."

Harden To Speak At Baptist Church

J. L. Harden will fill the pulpit at the First Bautist Church Sunday morning, May 12, at 11:00 o'clock. All the May services will be conducted by laymen and young people, due to the absence of the pastor.

Sunday night at 8:00 the service will be in charge of the newly elected Baptist Student Council, of which Miss Georgia Faye Holt is president. The service will be planned by Robert Kilgore, director of Student Work for the church, and special music will be brought by a youth choir.

Training Union will be at 7:00 p. m. Sunday, and Sunday School at 9:45 a. m. Wednesday prayer meeting will be conducted by Billy Joe Peggram, a college student, on May 15.

The public is invited to all these services.

WT Remembers Its War Dead

Quiet Ceremony Honors Professor, 54 Students Who Sacrificed Lives

West Texas State College held impressively simple memorial services Sunday afternoon for its student and ex-students who gave their lives in World War II.

Fifty-four students and one faculty member, Prof. W. E. Lockhart, are on the College's honor roll. It is expected that the list will be longer when all names have been reported.

President J. A. Hill presented leather-bound memorial statements to the next-of-kin of each man who died in military service. These were inscribed as follows:

"In the memory of _____, who gave his life in the service of our country in the Second World War.

"His alma mater, the West Texas State College, has inscribed his name on the permanent honor roll of the College.

"Given at Canyon, Texas, on the fifth day of May, 1946. J. A. HILL, President."

On the embossed cover were the words, "Greater love hath no man than this . . ."

The College Double Sextette sang from the balcony and Dr. A. Kirk Knott read Lowell's "Commemoration Ode" and verse found on the body of an Australian soldier. Dr. S. H. Condron gave the benediction.

The fifty-five men memorialized compared to seven West Texas State College men killed in the first World War.

In the main address, Dr. R. Thomsen of Amarillo expressed the fear that the world, bereft of so many men of courage and intellect in two great wars, is drifting toward a third conflict.

He stressed that the men who died, if now living would wish living memorials which would tend to promote peace and a better understanding among men.

"We are here," Dr. Thomsen said, "to dedicate ourselves to the great tasks remaining before us, that these our beloved dead shall not have died in vain.

Eight WT Girls Attend FHA Meet

Eight girls of the W. T. homemaking classes attended the annual FHA Area Meeting at Pampa on Saturday, April 27. They were Carrie Marie Dawdy, Shirley Goodman, Beverly Beck, Orzelia Henson, Mildred Carter, Marilyn Condron, Joan Hutchinson, and Betty Frances Miller. Miss Herring, their sponsor, was ill and could not go; so Miss Gladys Armstrong, area supervisor, took her place. Twenty-five schools of Area I were represented by delegates from their Home Economics classes. The girls attended both morning and afternoon sessions. In the morning program the report of the State Council was given by Alice Ruth Crocker. Luncheon was served to the 530 attending delegates and sponsors. The afternoon program consisted of announcements for Area I for the year. This was the first meeting held since before the war.

The cannibal chief called up his wife on the grape-vine, and warned her: "Make the necessary preparations, honey chile, I's bringin' a man home fo' dinner.

Norris Ewing Has Entered Insurance Field in Amarillo

Norris Ewing, well known in newspaper advertising circles thruout the Panhandle for many years, has completed a special training course in Hartford, Conn., and will enter the insurance businesss immediately as a representative of The Travelers Insurance Company with offices in the Oliver-Eakle Building, Amarillo.

Mr. Ewing, whose newspaper experience in Texas dates back to the end of World War 1, spent thirteen years on the Amarillo Globe-News as assistant to the late W. C. Hawk, general manager. He first came to Texas in 1917 as advertising director of the Ranger Times and later served in a similar capacity with the Wichita Falls Record-News and the Houston Post-Dispatch. During the war he published the Amarillo Army Air Field official paper, MechaNews.

He was prompted in his desision to enter the field of insurance by a brother, Esmond Ewing, who is a vice-president of The Travelers Insurance Companies of Hartford. He will specialize in life, accident and group lines.

Dandelion Poison Is Effective

The dandelion is doomed.

The horticulture department at Texas Technological College has experimented extensively on the campus with a new compound, 2-4-D, known commercially as Weedone.

If the compound is used in sufficient concentration it is sure death to the dandelions yet does not injure grass, according to Dr. W. W. Yocum, head of the department.

W. T. Students Of Sociology in Trip to Hospital

Forty-six members of the sociology classes visited the state hospital in Wichita Falls last Tuesday in connection with a study of mental disorders. J. L. Duflot, professor of sociology, chartered the bus for the trip and made necessary arrangements with hospital officials.

The superintendent of the hospital conducted a tour of the grounds and buildings. Of special interest to the students was the occupational therapy building where patients learn to do simple types of handwork and carpentry.

The afternoon was devoted to a clinical study of the various types of organic and functional mental disorders under the direction of a psychiatrist, Dr. Petrillo, who was assisted by Dr. Harper, Dr. MacKeeney, and Dr. Huff. Dr. Petrillo presented the various cases, theories on probable causes of the disease, and techniques employed in the treatment of the diseases. Patients were presented to illustrate the lecture.

CHEATHAM'S FURNISHINGS

I am grateful to the many friends who called during the past week to wish me well in the sole ownership of this old-established business.

I want to serve the men of Randall county with their Furnishings. While the markets are largely depleted, I have new goods coming in almost daily.

If I do not have what you want on your first call, please come back. My stock will be increased as goods are available.

TIME OUT FOR REFLECTION

Many a self-made man,
Oh neighbor,
Is a horrible example
Of unskilled labor!

Here's a doctor," said Mrs. Brown, looking up from her paper, who claims that kissing shortens life."

"Must mean single life," replied Mr. Brown.

McCORMICK-DEERING

Farm Implements

When you buy farm implements you want to be sure that the machine is of standard make.

By this we mean:

Can you get repairs when the machine goes out of commission? McCormick-Deering machine, products of the International Harvester Company, comes from the biggest farm machinery company in the nation. These machines have stood the test of time. They have to be good, to have achieved their fine reputation.

Sure you can get repairs?

McCormick-Deering machines have been sold, repaired and guaranteed in Canyon since 1908. Our shop is well equipped, and manned by mechanics who know International machinery. We have a large stock of parts, and can give you splendid service on repairs.

But now, right now, before it is too late, is the time to have all of your farm equipment put into running condition for 1946. We are sorry, but there will be few new machines available for 1946. So the old machinery must be made to run for the balance of the year.

Call on us today for the repairs that you will need later on.

SURPRISE PARTY AT G. W. COX HOME FRIDAY

By M. Moss Richardson

On Friday, May 3 at 8 o'clock, Mrs. G. W. Cox entertained, George, Dr. Neblett and Mrs. R. H. Jennings with a lovely dinner which was supposed to be a surprise to George. It was not exactly a surprise, for little-boy-like, he kept hanging around the house all day looking for jobs to do—really looking for Santa Claus. The dinner was given in honor of an annual milestone which has seriously decreased the life expectancy of the last three mentioned.

Guests present were as follows: Dr. and Mrs. Neblett, Dr. and Mrs. E. J. Cundiff, Mr. and Mrs. R. H. Jennings, Mr. and Mrs. Lyle Bonner, Mr. and Mrs. James Cabe, Mr. and Mrs. E. W. Bourn, Mr. and Mrs. C. C. Graham, Mr. and Mrs. E. L. Davis and Mrs. Cora Rhodes of Amarillo, J. L. Dendy, Alvin Smith, Alvin Jennings, Mrs. Hood, Miss Mary Jane Duncan, Miss Virginia Hunter, Miss Claxton and Miss M. Moss Richardson.

Lovely gifts were brought and everyone had a good sociable time in the lovely hospitable home. Entertainment was provided in friendly conversation and by readings given by Miss M. Moss Richardson and Minnie Pearl (Virginia Hunter) a student of W. T. S. About half past nine the guests flocked out into the night, wishing for Mrs. Cox and the honorees many happy returns of the day and for years of friendship and good health in this community that appreciates each of them.

Mother-in-Law Club Meeting at Mrs. G. W. Cox Home

Mrs. G. W. Cox, 1905 Fourth Avenue was hostess on May 2, to the Canyon Mother-in-Law Club. Decorations featured arrangements of iris and tulips.

With Mrs. Mary Langston at the piano, the group sang "Silver Threads Among the Gold" as an opening exercise.

The Lord's prayer repeated in unison was led by Mrs. R. D. Lowry, club president. Mrs. Lowry also conducted the business session which was followed by the reading of the minutes by Mrs. Otto White.

As this was the meeting of the current year, election of officers was in order and the following members were elected to offices for the incoming year.

Mrs. R. D. Lowry, president.
Mrs. E. C. Penick, first vice-president and program chairman.
Mrs. M. E. Sorgee, 2nd vice-president.
Mrs. Jessie Reid, 3rd vice-president.
Mrs. Fred Marshall, secretary.
Mrs. R. M. Gibbs, treasurer.
Mrs. J. C. Dowd, historian.
Mrs. R. B. Holland, reporter.
Mrs. C. H. Stratton, assistant reporter.
Mrs. R. E. Foster, song leader.

Mrs. J. C. Dowd gave the report of the work carried out by the club in the past two years. Among the numerous things accomplished by the club, the treasurer contributes $1.00 per month to the Red Cross.

Mrs. Lowry thanked each retiring officer for the splendid cooperation shown her in the past two years.

A vote of thanks was given Mrs. M. E. Cleavinger for her untiring efforts as program chairman.

Mrs. Langston played several selections on the piano. Mrs. E. C. Penick and Mrs. R. D. Lowry each gave a reading.

During the social hour Mrs. Cox was assisted in serving by her two nieces.

Present were: Mrs. R. D. Lowry, Mrs. Mary Langston, Mrs. G. B. Bourland, Mrs. E. E. Owens, Mrs. M. E. Cleavinger, Mrs. G. B. Combs, Mrs. Cynthia Anderson, Mrs. W. S. Myers, Mrs. I. M. Steen, Mrs. J. C. Cole, Mrs. Otto White, Mrs. W. S. Christian, Mrs. M. E. Sorgee, Mrs. C. Shuman, Mrs. E. C. Penick, Mrs. R. B. Holland, Mrs. Jessie Reid, Mrs. R. M. Gibbs, Mrs. J. C. Dowd, Mrs. Lucille Devault, Mrs. Laura Oldham, Mrs. M. S. Frieze, Mrs. J. M. Brietling, Mrs. I. W. Scott, Mrs. C O. Cooper, Mrs. T. V. Slack, Mrs. E. Gidden, Mrs. C. H. Stratton, Mrs. T. T. Fain, Mrs. W. G. Rose, Mrs. C. B. Anthony, Mrs. W. H. Sparks, Mrs. Joe Cox, Mrs. T. S. Trowbridge, Mrs. Addie Hefner, Mrs. Fred Marshall, and the hostess, Mrs. Cox.

The group sang "God be with you till we meet again" for the closing hymn.

HIGHLAND 4-H GIRLS MEET

The Highland Junior 4-H Girls met in Wildorado School house Tuesday, April 30.

The meeting was called to order by the president, Mary Green. Roll call was answered by how many had made cookies since last meeting. Miss Patterson taught the club pledge and motto to the 4-H club.

Each child plans to grow a vegetable of some kind, and not to waste food of any kind.

EDGETOWN H. D. TO MEET

Edgetown Home Demonstration Club will meet with Mrs. John Gamble at 2310 8th Avenue on Friday, May 10. The subject will be "Winter Treats from Summer Planting."

Mrs. W. S. Myers visited her son and family, W. C. Myers of Lubbock and her daughter Mrs. J. D. Price of Plainview Saturday and Sunday.

Al Dowd spent the week end with his uncle, J. C. Dowd. He was enroute to Los Angeles on a 90 day furlough with his parents.

Miss Lou Ella Patterson is attending a district meet in Amarillo and a 4-H meeting at College Station this week.

Dalby Fleming of Childress spent Saturday night in the T. S. Maxwell home.

Bob Lindsey Gives B-24 to College But Prexy Can't Carry It Home!

West Texas State College is the proud but somewhat perplexed owner of a B-24 Liberator bombing plane.

The donor is Bob Lindsey of Borger, cattleman and furniture dealer. He bought it from the Army.

The huge 4-engine plane is at Amarillo field and special permission must be obtained for an Army pilot to fly it to the College Airport.

The craft has had only 12 hours in the air and there is plenty of high octane gas in the tanks.

Once it is safely aground at the College Airport, the problem increases. Its 110 feet 6 inch wing spread won't permit moving it down the highway to the campus. And there isn't a building on the campus big enough to receive it. Temporarily, Dr. Hill would like to tie it down at the north end of the football field.

Removing the wings to permit towing is no small chore, and not a job for a novice.

It's a fine plane, almost brand new, and doubtless has laboratory value and interest for students and visitors. But it's no helicopter.

Michigan Man to Teach Speech in W. T. Next Fall

Prof. Crannell Tolliver, head of the speech department at Saginaw, Mich., high school for the last sixteen years, has been employed to teach at West Texas State College. He will arrive next fall.

Prof. Tolliver is widely known in Michigan as one of the outstanding speech teachers. His pupils have been consistent winners in state speech and play contests.

He has an M. A. degree from the University of Kansas and has done advanced graduate work at the universities of Michigan and Colorado. He taught for a time at Texas Military Academy.

Prof. Tolliver is 40 years old. He is married and has a daughter of high school age.

His work is well known to Dr. C. W. Freed, head of the W. T. Department of Speech.

Writes of Trips Into Switzerland

From his AAF base in France, Capt. Fred Hart of Canyon, W. T. graduate, writes of taking a "wonderful" but brief vacation in Switzerland.

"I even tried skiing," Capt. Hart said, "but seemed to have absolutely no talent for it. However, I did make one fairly successful trip down a mountain side.

"Switzerland is as beautiful as the books say. The people are very nice and the meals were great. However, they charge extra for coffee with meals, and 40 cents for a bath. . . . The stores were filled with goods, but we were limited to spending $50 and this did not go far.

"While in Switzerland I saw Gene Morris, who used to work in the office of the Bureau of Public Service. He is a first lieutenant and is stationed in Germany."

Contagious Mumps Spreading in Texas Reports Authority

With a total of 5,906 cases of mumps having been reported in Texas in the first seventeen weeks of this year, Dr. Geo. W. Cox, State Health Officer, has issued a statement stressing the fact that the contagion factor exists before symptoms appear, and urging strict isolations of all patients, in order to control the spread of this disease.

Mumps is transmitted by direct contact with an infected person and with articles freshly soiled by the secretions or discharges from the mouth or nose of persons having the disease. It takes from 12 to 26 days for mumps to manifest itself after the infection takes place. The disease can be easily transmitted, but one attack usually establishes immunity although second attacks sometimes occur.

The most easily recognizable characteristic symptom of mumps is a painful swelling of the salivary glands. Sometimes there is an involvement of other portions of the body causing disturbances in the digestive, nervous, circulatory, and genito-urinary systems. The disease is usually accompanied by a temperature rise which more often than not is mild.

"The patient suffering with this disease should be isolated from other members of the family immediately upon the suspicion that mumps exists, and the family physician should be called promptly," Dr. Cox advises. "In the meantime, complete rest in bed is indicated. The doctor's orders should be followed strictly. Violating his instructions can lead to serious injury, which may permanently affect the individual's health."

Attending Baptist Convention in Fla.

Dr. and Mrs. Roy L. Johnson, Don Paul Johnson, Mrs. T. H. Knighton and Mrs. Faye Cannedy left Canyon Monday, enroute to Miami, Florida to attend the annual meeting of the Southern Baptist Convention where more than 5,000 messengers are expected for the meeting which will launch a second century of Southern Baptist mission work. The women will attend also the Southern Woman's Missionary Union session preceding the general Convention session.

The Southern Baptist Convention is the central agency of voluntary cooperation for about 25,000 churches in the South, reaching from the Atlantic to the Pacific. Baptist cooperation is purely voluntary and the Convention has absolutely no authority over any local congregation.

Immediately after the Convention the Canyon group will fly to Havana, Cuba where they will visit for several days among Baptist mission stations on that island. Mrs. Knighton will return early by flying back from Havana to Amarillo, but the remainder of the party will return from Miami by car, by way of the Gulf Coast, including a brief stop in New Orleans.

"What's the matter, honey? You look all worn out," said the husband.

"You were gone so long that I was worried about you," replied the wife.

"There was no use, dear."

"I suppose not, but I always worry over trifles."

"With the address, that makes eleven words," said the post office assistant. "You're allowed another word."

"But there's nothing else I want to say," said the soldier.

"You could always put in another 'darling,'" suggested the assistant.

The soldier pondered for a spell. "Don't you think that would look rather silly?" he asked.

Last Week's Assemblies Follow Different Themes of Interest

Double Program Is Given; Reverend Turner Speaks

Two country girls came to town with unusual results which were shown in "Millie and Tillie," a short skit by the speech department and was presented in assembly Friday, May 3. The farce was directed by Pauline Ruthart and Shirley Harrison with Louise Blewett and Wanda Edwards as the characters. "Jilted," the second playlet, illustrating the difficulties of engaged couples, starred Billy Cleavinger, Ema Gene Zachry, Richard Walters and Faye Dickerson. This playlet was directed by Scharlean Pyeatt. Sue Ann Colwell announced this part of the assembly.

English IV students presented the last portion of the program. A group of seven students were chosen by a committee in the class to give their lies, which were oral reports. The best ones were selected and those giving them in assembly were: Ruth Prichard, Rowena Jones, Wilma Schuette, Bobby Mickey, Alice Pierce, Gracie Boyd and Billie Danner. Anita Johnigan and Cheri Kilchriste "M-C'd."

Mr. Milton Sanders, principal, dismissed the assembly.

Reverend Turner Speaks

Challenging youth to develop the spiritual as well as the mental life, was Reverend Orvin Turner, in an address before assembly Monday afternoon, May 6.

Reverend Turner, Methodist minister from Littlefield, Texas, is guest evangelist at the revival being held at the Methodist church from May 1 to May 12.

Speaking for fifteen minutes Reverend Turner stressed the theme "Various things in life with which we cope and overcome with God's help."

Introducing Reverend Turner was Reverend Hubert Thomson, pastor of the Methodist church of Canyon.

PLAY SQUARE

To themselves and to motorists a person should "play square."

Good sportsmanship is as essential in safety as it is in football, basketball, or any other game.

The big game between motorists and pedestrians isn't over, the referee has never rendered a decision. Motorists and pedestrians depart from their respective homes, each carrying the knowledge of the other's presence with them, yet each day over America some in each class are killed or injured.

When a player has played so many games or has played so long in one game, he might be taken out of the game because of carelessness. As many people he becomes overconfident and too sure of himself.

Ask yourself this question, "Will I be taken out of the game of life because of carelessness?

Now answer it by being more careful in driving, in crossing streets, and in walking along a highway or road.

In doing these things as a pedestrian, a person deserves the comment when someone says "he plays square."

SHOW YOUR APPRECIATION

Listen. I don't know whether everyone knows it or not but Sunday is Mother's Day so what do you say, let's everyone be extra nice to our mothers for once. After all, Mother's Day only comes once a year and our mothers really deserve more holidays for the many swell things they have done for us.

If you'll just stop and think for a minute or two you'll realize how hard they work, just for our benefit and happiness. All through the year we let our mothers wash and iron our clothes, cook our meals, and heaven only knows what else they do for us.

It is pretty easy to see that we could not do without our mothers, so this Sunday let's show them that we really appreciate them by showing our respect.

Be nice to your mother by helping do the housework or cooking the Sunday dinner or take her to church. Come on, you can do it.

by J. M.

As a gift to the school the Parent Teacher Association presented a record player which arrived May 6, and $25 worth of records. Bought with money taken in at the Hallowe'en Carnival, the player is to be used at future school parties and at youth centers.

Journalists Enter Meet at Austin

Betty Ann Miller and Louise Dickinson entered the ILPC contests in Austin last Thursday and Friday.

Accompanied by Dr. J. B. Speer, James Speer, and Mrs. Nora E. Gilmore, sponsor, the group left Wednesday morning at 6:00 o'clock and returned the following Saturday.

At the meet the girls were shown pictures illustrating the best methods of making pictures for cuts; they entered the five contests, and attended the session of criticisms for high school papers.

Between contest periods the girls went sightseeing. From the top of the University tower they spent some time viewing the panorama. They visited the capitol and climbed to its top and later saw parks, the Colorado River and various places of interest over the city.

"The trip was well worth the money and time spent," says Mrs. Gilmore. "I feel sure we will improve our paper by the knowledge gained."

BUSINESS WITH THE BIG BOY
By Bob Mickey

As I was sitting in class one day,
There happened by chance to come my way,
A note telling me to go to see
A man with the initials of T. J. C.
He wanted to know what I had to say
For skipping school just yesterday.
All I could do was stare at the floor
And think of an alibi I'd not used before.
He looked at me right straight in the eyes,
And wondered if I were telling any lies,
He thought of the things that I had said
And I began to wish I were dead.
I hoped I had not made a mistake.
If I had three licks I would surely take.
He at last decided to let me by,
But even now I still am wondering why.

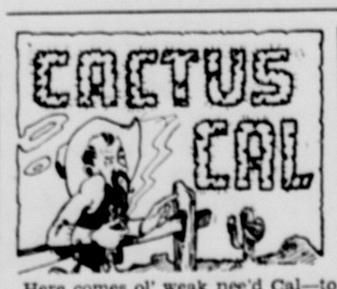
THE TRUTH THAT HURTS
By C. L. Hood

When Mother calls me for breakfast
And says "breakfast is ready son,"
I rub my sleepy eyes open
And know another day has begun.
I slip from beneath the covers
And look out to see if it did rain,
I gaze at the low reading thermometer
And jump back in bed again.
When at last I get up and get ready
And start wearily on my way,
I remember I forgot my lesson
And wonder what Mrs. Hornstra will say.
At last I have made it to school
And park by the radiator to thaw,
I wonder what pile of papers
Covers the one on "Child Labor Law."
They pile on the lessons by dozens
Until they have twisted our poor little minds,
Then we swear we will kill the next guy
Who says a teacher is kind.
They torture us from lesson to lesson
Until we wish the world would end,
Then we remember the old truthful saying
"The dog is a man's best friend."

SHE'S MY ENGLISH TEACHER
By Louise Tucek

She's short and plump
Has red hair and blue eyes,
But she's married some boys sigh!
Her name is Wilma,
Her man is Ray,
Her shoes are short
Her dresses are cute,
But to our dismay,
We have to say,
She's our English teacher!

Eight Will Be Initiated In Assembly



Here comes ol' weak nee'd Cal—to give you'ins a lil' gos'p. I've bad (or maybe it's good) news fer you all! School is nearly out and I won't get to gab with you'ins for three whole months. Ain't it terrible? Makes me wanna cry, but I'm weak an' weary, and I know you'll don't enjoy me this way. Oh, come on, let's see some hot off the griddle news!

Oh, Brother, have you good Cal fans heard the latest and bestest news? Care to know what it is? I'll tell you anyway. Well, the other day I was told informally that Gracie Boyd and M. E. Rhoades have "broken up," but they say that all good things must come to an end. George Schaeffer is escorting Gracie to the banquet and M. E. has and is going with that Joan Morton. Good luck in your future romances!

Flash! Seen at Palo Duro Park Sunday was a whole gang from CHS, but the most interesting couple was bruce Winn and Joanna Haines. Did you chilluns have oodles of fun?

Another item for you people is that Bill Wilkinson and Bill Roberts had a very enjoyable evening with Louise Blewett and Mary Browning last Monday night. Didn't you girls have a little trouble in keeping the "Bills" apart?

Graduation presents are gradually being distributed among the senior girls from their bo's. If you don't believe me just ask Billie Wallen and Pauline Ruthart, I bet they could tell you.

Bashful Weldon Lindsey with a girl? Oh, boy, he's got a steady. Ole, Cal isn't sure, but he thinks her name is Gwen Holland, and she is from W. T.

In assembly program Friday, Billy Cleavinger seemed very sincere during the time he called Ema Gene Zachry "Darlin,". Reckon there could be anything to that, or was it just "Put On" for the audience?

That handsome McDuff again? Yep, here he is, and from what I could get, he and Sue Jennings have really been places and saw things. We wonder!

Here is some more last minute news, so be prepared.

Ever steady couples:
Valeta Haines—Billy Abbott
Louise Dickinson—Louie Davis
Louise Tucek—Loys Knox
Norma Jo Currie—Buddy Price
Billie Danner—Art Hamilton
Range Ramblings:
Zonelle Gregg—Orville Turner
Verna Davenport—Lee Bailey
Bonita Brown—Jerry Bailey

Mrs. J. R. Sharp substituted teaching for Mrs. Nora E. Gilmore during her recent trip to Austin, May 1-4.

An old maid is a girl who misses a lot of things, but never MRS herself.

She likes to talk,
She likes to teach,
But most of all she likes to eat.
Her hair is curly,
But she always says surely!
But you'll have to spit your gum out.
But I like her, I love her
She's full of all kinds of fun
And after all is said and done
I love her that's all.
She's my English teacher.

1946 Junior Who's Who

Chosen recently by a committee of faculty members, these six juniors were selected for the 1946 Junior Who's Who. Reading from left to right they are: Bill Davis, Betty Ann Miller, James Rigsby, Frances Gooch, Mary Ann Parker, Geraldine Small.

Senior Class Has Called Meeting

Assembly in the agriculture room at 1:40 o'clock, Tuesday, April 30, 1946, the senior class met for the purpose of discussing the senior trip, distributing invitations, discussing the farewell assembly, and to elect committees for writing the class will, prophecy, and history.

The twenty-four members of the senior class are planning to go to Ruidoso, New Mexico, on May 17 and reservations have been made for that time.

The farewell assembly, which will be given May 24, was also discussed and a committee composed of Cheri Kilchrists, Pauline Ruthart, Norma Zell Zachry, and Bobby Mickey was chosen to write the class prophecy. Bobby Mickey was elected prophet. Ray McDonald, Norma Jo Currie and Anita Johnigan will write the will and Ray McDonald will present it. The history committee is composed of Weldon Lindsey, Pauline Ruthart, Wilma Schuette and Anita Johnigan, with Pauline Ruthart to read the history.

Following the discussion of business, the invitations were distributed.

Faculty Sponsors Farewell Dinner

Honoring Dr. and Mrs. J. B. Speer, the faculty of Canyon High School entertained Tuesday night, May 7, 7:30 p. m. with a dinner party in the Home Economics Department.

The meal was a covered dish dinner, buffet style. The menu consisted of chicken salad, green beans, potatoes, carrots, spring relishes, hot rolls, butter, jelly, ice cream, strawberries, cake, and iced tea.

After dinner the faculty presented Dr. and Mrs. Speer with a hammered aluminum serving tray and bowl.

Those in charge of the evening's entertainment and arrangements were Mr. D. M. Shepherd, Mr. Thomas Devins and Mr. Milton Sanders.

Classroom Group Is Concluding Sessions

Fifteen members of the Canyon Classroom Teachers' Organization held their last meeting of the year Tuesday morning, April 30, in the home of Mrs. Billy Simms south of town.

Newly elected officers officiated. They are as follows: Mrs. Jno. Davis, re-elected as president for the third time; Miss Kathryn Davies, vice-president; and Mrs. A. K. Goodman, secretary.

Plans were perfected for the luncheon to be given Tuesday, May 1, honoring Dr. and Mrs. Speer before they leave for a new field of work. Members also continued work on suggestions for equalizing teachers' salaries and establishing standard minimum and maximum wage scales among the teachers of the school.

"We hope to have our chapter better organized and operating more efficiently before our next term of school," states Mrs. John Davis.

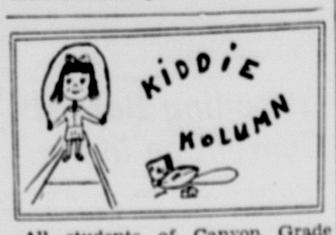
A buffet supper was served to the following members: Mrs. Irene Ball, Mrs. Mary Weeks, Mrs. Joe Black, Mrs. T. W. Collins, Mrs. John Davis, Miss Kathryn Davies, Mrs. Stella Murrell, Mrs. Tom Brasher, Mrs. Mitchell Jones, Mrs. Isabelle Cousins, Mrs. Gillispie, Mrs. A. K. Goodman, Mrs. P. S. Merchant, co-hostess and the hostess, Mrs. Billie Simms.

Mr. Thomas L. Devin substituted for Mr. R. D. Wheelock in football practice Thursday and Friday, May 2 and 3.

Mrs. Charlene Corder was ill May 2 and 3, and her sister, Mrs. Charlotte Schultz substituted teaching for her.

Help Keep Canyon Clean!

Mum's the word! or so it seems as the juniors are keeping the matter of the decorations and the program for the Junior-Senior Banquet, Saturday, May --, a surprise. Eating will begin at 8:00 in the Methodist Church and dancing and games will follow later in the Legion Hall.



All students of Canyon Grade School took achievement tests last week.

Having completed the unit on farm pets, Mrs. T. W. Collins' first grade and two room mothers, Mrs. Ross Craig and Mrs. Robert Neblett, accepted the invitation to spend most of the day, Wednesday, May 8, at the Michael farm. Each student brought their lunch, and they left school at 11:35 o'clock, and returned at 2:30 o'clock.

Birds are the main topic in Mrs. Black's first grade. The students have been drawing pictures of birds, and bird's nests.

Glen Tucek celebrated his seventh birthday, May 6.

From Lubbock came Helen Hood who enrolled in Mrs. Murrell's second grade last week.

Sixteen Girls Hold Tea for Mothers

The second year home economics class gave a tea for their mothers, Tuesday, April 30, in the Canyon High School Homemaking Department.

Under the direction of Miss Fern Zimmer, assisted by Miss Alice Wiley, the girls served tea and modeled their dresses, which they made this semester. Decorations for the department included table center pieces of spring flowers.

Special guests at the tea were: Miss Barrett, Miss Herring and Miss Armstrong from the college.

Thursday, May 2, this same class modeled their dresses for Miss Herring's class at W. T. High School. Tea was served and Miss Martha Hammond presided at the tea table.

Sophomores Have Celebration To Honor Sponsor's Birthday

In recognition of Mrs. A. K. Knott's birthday, May 5, the sophomores presented her with six orchard glass goblets during Algebra class, Friday, May 4.

After the presentation, cherrios were served and games were played the remainder of the period. Mrs. Knott sponsors the sophomore class.

She received a bouquet of red roses from the Spanish Club.

When Mr. Carter's store went bankrupt after two weeks of dismal business, he plastered a big sign on the window that read, "Opened by mistake."

Pledges Selected By Class Rank

Ceremony Will Be Held Friday By Candle Light

Eight candidates for Quill and Scroll will be formally initiated Friday in assembly at 2:35 o'clock.

Initiation is under the direction of old members, Frances Gooch and Betty Ann Miller.

Pledges to be initiated are: Valeta Haines, Anita Johnigan, Joan Morton, Shirley Harrison, Cheri Kilchriste, Ruth Prichard, Geraldine Small and Louise Dickinson.

Candle Lighting Ceremony

The girls will be dressed formally and the traditional candle lighting ceremony will be used. Quill and Scroll pins and cards will be presented.

During the latter part of the period tea will be served in the home economics dining room to journalism students and guests including the initiate's parents.

Twenty Years Old

The Quill and Scroll is a national honor society for high school journalists. Only outstanding students are permitted to enter. The qualifications for membership are: an A-average in journalism, one hundred twenty inches and 30 headlines. One must know how to proof read and make up at least one edition of the paper.

According to the Quill and Scroll Magazine the chapter was organized twenty years ago, April 10, 1926. The first edition of the Eagle's Tale was printed just one year before in 1925 through the courtesy of Clyde Warwick, publisher of the Canyon News. He was the first man in the Panhandle (and probably Texas) to print a page for a school newspaper.

R. D. Wheelock Has Accident, Resumes Teaching Monday

Coach R. D. Wheelock, who came to us from Pantex Ordnance Plant this year, suffered a dislocated ankle and a bone broken in the leg above the ankle last Tuesday evening during football practice.

The accident occurred when the coach was giving a demonstration on, "getting their man." Coach Wheelock got up after it happened but passed out quickly. He was rushed to the hospital by the boys.

X-ray revealed that the bone had been broken a little before, this was unknown to him till then.

Mr. Wheelock has played high school and college football and this is the first time he ever passed out.

He resumed his teaching duties Monday.

Uncle Hank says, "There may be a shortage of shirts in Texas but there's no shortage of stuffed shirts."

Getting around over the State: A touch of the Southwest, on the court house lawn in Plainview is a windmill. . . . Saw a cowboy leading his horse across the Colorado River bridge at Austin—and they were walking on the bridge sidewalk. . . . P. B. Ralls of Ralls has a collection of walking canes, 84 of them. . . . Sign in O'Donnell, "Hamburger and chili king; 141 miles to the next."

Somewhere on the high seas is a present designed for this columnist: it is a Japanese sword, 440 years old, and is the gift of Lt. Col. Ralph Yarborough of Austin, whose Army division—the 97th—was the only one to serve in both Europe and the Pacific. Among his many important assignments has been directing the military government in an area containing one-seventh of the population of Japan. Col. Yarborough has received two battle stars, a bronze star, a commendation citation and ribbon.

A little Texas history: A farmer living near one of the big cities became quite noted for his weather predictions, which was more accurate than the official forecasts. At last, the weather forecaster of the city decided to learn what the other's system was, so he drove to the farm and found the old fellow plowing. The visitor (let's call him Brown) did not introduce himself but opened the conversation with:

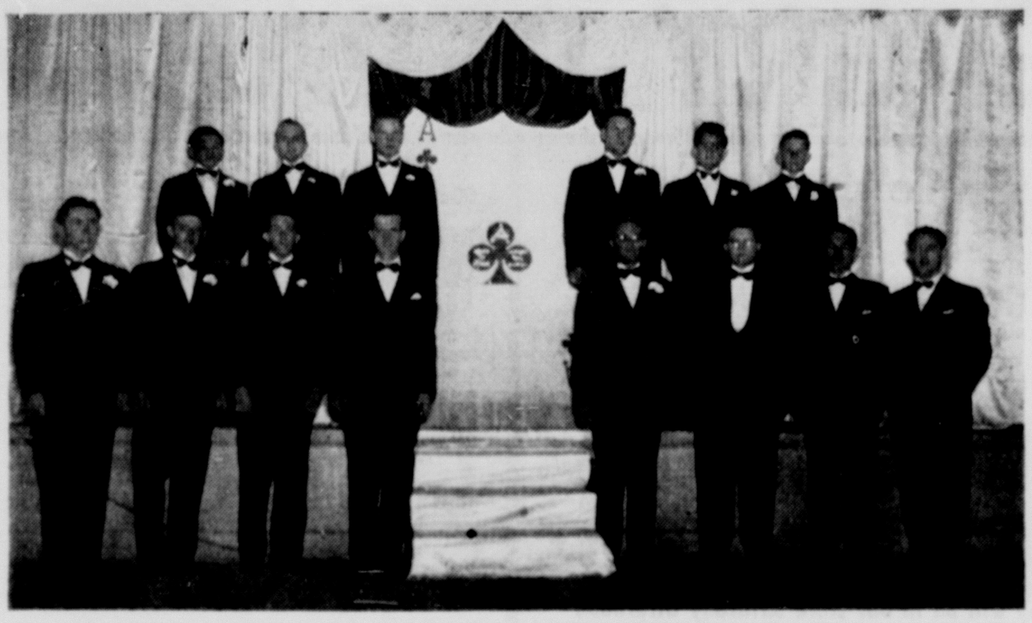
"You are very successful in predicting the weather; how do you do it?"

The farmer replied, "My method is simple: I just see what that fool Brown predicts, then I predict just the opposite and I hit it nearly every time."

That story suggests the one about the pioneer who was asked, "Are you pretty good about figuring out what the weather is going to be?" He answered, "I was until the government took the weather over—and now I can't figure what it's going to do, at all."

Why they call money "dough" we don't know. Dough sticks to the fingers.

'The Sig Thirteen,' and Sponsor Freed



A special program honoring mothers of West Texas State students—that's the immediate project for Alpha Sigma Xi fraternity, whose members are pictured above as they appeared at their recent spring presentation. They are (back row): Sherrod Reavis, John Mosley, Ward Hook, Charles McLeroy, Mack White and Donald Myers; (front row): Wayne Thomas, Gene Skaggs, Marion Whitfield, Kenneth Hohlaus, Russell Jones, Bill Montgomery, Ed Line, and Dr. Conrad W. Effective Spray For Fruit Trees Is Recommended

Fruit crops in the Plains area should be protected against worms this year.

A spray of lead arsenate, composed of about one to two tablespoons of the compound to one gallon of water, should be used.

Apple trees particularly should be sprayed at once in order that a dose of poisen may get into the blossom end of the apple before it closes. The worms try to enter there, and unless spraying is done before the blossom end closes, the poison will be ineffective.

Fellowship Class of Methodist S. S. After New Record

The Men's Fellowship Class of the Methodist Church has set May 19 as high attendance day. The goal for this Sunday is 125. In an effort to reach this attnedance every member of the class is to be responsible for bringing one or more men with him. This would far exceed the goal. The record attendance so far is 91.

The Men's Fellowship Class, organized the first Sunday in December, has experienced a steady, though rapid, growth. The class now has an active enrollment of 84. A man qualifies for membership by attending three times. This rule will be suspended for any who makes special request for immediate membership. It is expected that the enrollment of the class will surpass one hundred soon.

W. W. Nicklaus is president of the class; O. D. Moseley, vice-president; Delbert Lowes, secretary; Sam Bond, treasurer; Jack Haley, reporter; Dan Gillham, pianist; Glenn Truax and M. D. Shepherd, directors of music; and Rev. Hubert Thomson, teacher. The work of the class is carried on by active committees. The election of officers is held quarterly.

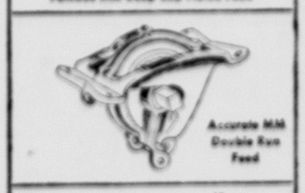
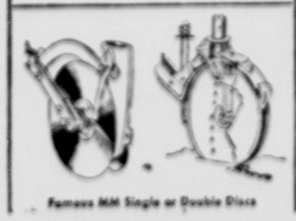
Famous MM Deep Cup Fluted Feed



Accurate MM Double Run Feed



Famous MM Single or Double Discs

Moline-Monitor drills are offered in types and sizes for all territories and sow all crops as they should be sown for uniform stands and bigger yields.

They have many patented features to do a better seeding job. MM fluted and double run feeds assure a positive, even feed and elimination of danger of cracking seed. Both types of feed have wider range and more accurate control of amount of seed sown. Choice of single disc, double disc, hoe, lister and deep furrow openers. MM disc bearings are famous for long life and light running. Famous MM *front* delivery of seed ahead of disc bearing assures uniform and better covering of seed. Reversible hopper allows feed cup openings to face toward operator whether operating with horses or tractor. Rigid all-steel frame helps assure long life accuracy. Keystone-shaped, all-steel hopper is easy to fill. Bushel per foot capacity. Outer ends of axles where load is carried are supported by extra large Hyatt roller bearings enclosed in self-aligning, dust-proof housings. Single chain drive. High quality pressure springs. Tubular steel pressure rods. Simple, efficient power lift available. See your MM dealer.
